at the Walker home at 331 Home Street, New Brunswick, N.J. and after waiting about a half hour interviewed Mr. and Mrs. Walker. Mr. Watson asked Mrs. Walker if the State Investigators tried to make her say that she saw the Gibson woman there the night of Sept. 14th, 1922 in De Russey's Lane and she stated that Bergan and Lamb just questioned her and asked if she saw anyone in the lane that night and she replied that did not. They did not try to make her say that she saw the Gibson woman there and took a statement from her. Mr. Watson then made an appointment for Mr. and Mrs. Walker to come to his office to-night at 8 P.M. to make a statement there.

Operatives then returned to Mr. Watson's office with him. Later in the day Operative Purdy tried to interview Daniel Maloney at his home at 13 Delafield Street, but did not find him at home.
